 Claws N Paws – Karen Flande
 River Rock Ranch – Steven Roche
 Hope Botanicals – Jenna Brown
 Younique by Sharon Bollington –Sharon Bollington

SSC Firecracker Classic – July 9th and SSC Summer Sizzle – August 13th

In Memory of Zachary James Maynard

“Zach's Protection 2020”
Rachel & Jeremiah Maynard

On July 20, 2020 Zachary James Maynard, age 6, and a group of friends and their moms were at Lewis Creek Park, at Foster Lake in Sweet Home, Oregon. Zachary was ecstatic to look for fish in four inches of water. In seconds their lives would be forever changed.

A jet ski rider took his life vest off in order to take off his shirt. He then threw the life vest over the handle bars, catching it on the throttle, which then caused the jet ski to go into full throttle. The “kill switch” was attached to the life vest and the rider was thrown off the machine. The jet ski hit the concrete perimeter of the designated swim area which then sent the machine into the air. The machine came down on Zachary and knocked him unconscious.

Zachary was taken by Life Flight to Legacy Emmanuel Hospital in Portland Oregon. He underwent a very hard surgery to try to help save his life. Unfortunately, he was too badly injured and on July 23, 2020 his heart stopped. Zachary will be forever missed and loved.

The Linn County Parks and Recreation Department researched and found a barrier system to install. It is designed to prevent water terrorist attacks on dams. It is designed to have a 27-foot boat going 60 mph go down to 0 in half a second.

“Zach's Protection 2020” is designed to raise awareness about boater safety and to advocate to get these barriers nationwide!

Zach's Protection” has been put into place to help advocate (Tuff Boom) barriers at lakes all around the nation. These barriers will help prevent future tragedies.

SSC Autumn Colors Show Sponsors—Sept. 10

Spartan Environmental Services—Ron Bascue
 Epperson Family
 Kelli Bailey Robertson
 Jaime Richter
 Amy VanDyke

Rose Berger
 Debra Theis
 Har-Bar-Farm—Amanda Dedona
